Caught in the hairs, there's no way out
and hereverafter
Watching your blood and then hearing it fall
So what do you know?
Your world is spinning, so you do the same
and it can get nasty
You'd like to stay, but what can I say
You gotta go!
Spend half your life with your head in the clouds
The rest of the time you're trying to hide
in the crowd
But it's not working
Shout shout shout shout shout shout shout

c'mon shoot it all out, shoot it all out
shout shout shout shout shout shout shout
Spend half your life with your head up your ass
The rest if the time you're
trying to find some class
But it's not working
Shout shout shout shout shout shout shout
c'mon shoot it all out, shoot it all out
shout shout shout shout shout shout shout
