I thought I was the only one
Who knew just how to have fun
Now my greatest fantasy
Is right in front of me

Lets throw out the toilet
What a waste of space
Poop on my face
Holy shit! literally 100% free

Just kidding that's gross
Why eat poop when you've got toast!

I couldn't believe my eyes
The first few seconds were pretty nice
The thought of me throwing up? impossible!
They ate that shit like A POPSICLE

What the hell was that
Someone give these women their dignity back
Has poop become the latest snack?
SHITS WACK! haha get it!

Forget bulimia! watch 2 girls 1 cup!
I guarantee you will throw up!
Holy shit literally! what the FFF...

HOLD UP
You think these bitches might be hard on a dick
But instead they poopin in cups and garglin shit
Half a billion views, this is horribly wrong
Somebody tell these women that they morals is gone
I got sent a link, but it's the fact that I followed it
Instead of flushin it, the broad actually swallowed it
Man watch the video it's evil what she do
MAN I don't eat SHIT people I eat food!

Poop! if you eat it does it come out food?
I'm never gonna take another poo
