From east to west  
I'm sorry I left  
I can't fight my determination  
Either way it is my decision  
I'm so far from home  
Yeah, I'm on my own  
As sad as you think I should be  
I've never been this happy  
I'm counting the days until I leave  
This anticipation's killing me  
I'm ready for something different  
So here I go  
These are the days that matter most  
Let's try to make the best of what I know  
It's not fun and games  
No it's more  
From east to west  
I'm sorry I left  
I can't fight my determination  
Either way it is my decision  
I'm so far from home  
Yeah, I'm on my own  
As sad as you think I should be  
I've never been this happy  
I can't believe this is happening  
All the days that I spent dreaming  
Oh, look how far we've come  
This dream has just begun  
I just hope I don't forget  
Who I really am  
And what I came here for  
What did I come here for?  
From East to West  
(From East to west)  
I'm sorry I left  
(I'm sorry I left)  
I can't fight my determination  
(No...)  
Either way it is my decision  
I'm so far from home  
(So far from home)  
Yeah, I'm on my own

(Yeah, I'm on my own)  
As sad as you think I should be,  
(I never been)  
I never been this happy  
I'm ready to go  
From east to west  
I'm sorry I left  
I can't fight my determination  
Either way it is my decision  
I'm so far from home  
(So far from home)  
Yeah, I'm on my own  
(Yeah, I'm on my own)  
As sad as you think I should be

(I've never been)  
I've never been this happy  
So here we go  
I'm ready to go
