I just want you close
Where we can stay forever
You can be sure that it will only get better

You and me together
Through the days and nights
I don't worry cause everything's gonna be all right
And people keep talking
Yeah they can say what they like
But all I know is everything's gonna be alright

No one no one no one can get in the way of what I'm
feeling
No one no one no one can get in the way of what I feel
for you
You, you can get in way of our feeling

When the rain is pouring down
And my heart is hurting
You'll always be around
This I know for certain

You and me together
Through the days and nights
I don't worry cause everything's gonna be all right
And People keep talking omg...
Yeah They can say what they like
But all I know is everything's gonna be alright

No one no one no one can get in the way of what I'm
feeling
No one no one no one can get in the way of what I feel
for you
You, you

I know that some people search the world
Just to find something like what we have
I know that some people try, try to divide something so
real
So till the end of time
There's no one
You and me together

Through the days and nights
I don't worry cause everything's gonna be alright
And people keep talking
Yeah they can say what they like
But all I know is
Everything's gonna be all right
But I can't help but wonder...
