I just want you close
Where you can stay forever
That it will only get better

Through the days and nights
You could be sure
You and me together
I don't worry 'cause

People keep talking
Everything's gonna be alright
But all I know is
When the rain is pouring down
And my heart is hurting

Through the days and nights
I don't worry 'cause
This I know for certain
You and me together
Can get in the way of what I feel
Everything's gonna be alright
And no one, no one, no one
I know some people search the world

Can get in the way of what I feel
Try to divide something so real
For you, you, you
Can get in the way of what I'm feeling
No one, no one, no one
Can get in the way of what I feel
No one, no one, no one
No one, no one, no one
Can get in the way of what I feel for you

I'm telling you there is
Everything's gonna be alright
You will always be around
People keep talking

They could say what they like
But all I know is
I know people will try

Everything's gonna be alright
So 'til the end of time

No one, no one, no one
No one, no one, no one
They could say what they like
Can get in the way of what I'm feeling
To find something like what we have
Can get in the way of what I feel for you
Can get in the way of what I'm feeling
For you, you, you
