Once we were lovers, can they understand?  
Closer than others I was your, I was your man  
Don't talk of heartaches, ohh, I remember them all  
When I'm checking you out one day, to see if I'm  
Faking it all

### CHORUS

Can you hear me?  
Can you feel me inside?  
Show your love, love  
Take it in right (take it in right)  
Take it in right (take it in right)

There's been many others (Oo-oo-oo-ooohh) so many  
times  
Sixty new cities, an' what do I, what do I  
What do I find?  
I want love so badly, I want you most of all  
You know, it's harder to take it from anyone  
It's harder to fall  
Can you hear me call ya?

### CHORUS

Well, can you hear me? (yeah)  
Can you feel me inside (I do)  
Show your love, show your sweet, sweet love  
Show me your love  
Take it in right (take it in right)  
Take it in right, yeah (take it in right)  
Take it in right to your love life, baby

Take it in right To your love life  
Take it in right, take it in right, right to your love life  
Take it in right, ah  
Take it in, take it in right

Right down, right down  
(Why don't you take it?)  
Mmmm, why don't you take it?  
(Right to your heart)

Can you hear me?  
(Why don't you take it?)  
Can you feel me?  
(Why don't you take it?)  
Can you? Take it in right  
(Why don't you take it?)  
Wuhh, right down, right down  
(Right to your heart)  
Can you take it? Feel me?  
(Why don't you take it?)  
Down, to right down  
(Why don't you take it?)  
To your heart  
(Why don't you take it?)  
To your heart  
(Right to your heart)  
Take it down, take it down

(Why don't you take it? Why don't you take it?)  
Take it in right  
(Right to your heart)
