Flowers for the dead  
At times I still hear your voice in my head  
And I wish that you were here instead  
And all our precious memories I'll never forget

(david-Verse 1)

josh, we've been best friends  
Ever since we were little kids  
So I sit and reminisce on all the things we ever did  
I remember  
All the stupid shit I can't forget  
Hope God forgive us for our sins  
and give me the strength to live  
Far from sensitive  
But I'm shedding tears right now  
Cause I'm watching you fight for your life  
And I can't help out  
Meanwhile, the doctor's shocking your chest  
Checking for breath  
I was wit you from the stretcher  
To the hospital bed  
Not believing it yet  
Everybody sad and depressed  
Counting your blessings  
Praying and praying, hoping for the best  
Waiting in back  
Your girl duke shaking from stress  
Breaking in tears and fear  
Cause dog, she loved you to death  
Next thing you know, the doctor comes out  
Just shaking his head  
Nothing was said

so i knew u were dead

(david-Verse 2)

In my sleep I hear you speaking to me  
And feel you reaching to me  
Wish I could see you  
Though I know you wit me spiritually

Physically, right here besides me  
Is where I need you to be

Keeping me company  
And take over this whole industry  
Memories, of when we used to be  
Too deep in the streets  
If there was beef  
We had each others backs naturally  
If there was need for me to grab the heat  
You'd grab it from me  
Just as long as its me  
yes indeed  
We sat and chat  
On the block puffin trees,  
Playing knuckles until one of us bleedz  
And read encyclopedias to me  
You was a genius  
Even though you didnt have a college degree  
We were homies g  
But you will always be a brother to me  
So close  
Big P, your legacy will always live on the streetz

Rest In Peace!

(Chorus)

david-3

Yeah, This is dedicated to the ones who never made it  
I hated the fact you faded away  
You were the greatest  
So I say this prayer  
I'll never forget you cause you special  
I'll kept you in my heart  
May God bless you!  
Rest in peace to my peoples  
Who passed away  
Best believe I'ma keep you alive always  
Till the day we meet again  
Face to Face wiht a grin  
In hell or heaven  
You my twin to the end  
And Im ganna Miss You!

(Chorus)

Rest in peace my ni99a  
I know you chillin'Â'  
I know you chillin'Â'

I know you're with god now
