It never crossed my mind at all
That's what I tell myself
What we had has come and gone
You're better off with someone else
It's for the best
I know it is
But I see you

Sometimes I try to hide
What I feel inside
And I turn around
You're with him now
I just can't figure it out

Tell me why
You're so hard to forget
Don't remind me
I'm not over it
Tell me why
I can't seem to face the truth
I'm just a little too not over you

Memories supposed to fade
What's wrong with my heart
Shake it off let it go
Didn't think it would be this hard
Should be strong, moving on
But I see you

Sometimes I try to hide
What I feel inside
And I turn around
You're with him now
I just can't figure it out

Tell me why
You're so hard to forget
Don't remind me
I'm not over it
Tell me why
I can't seem to face the truth
I'm just a little too not over you

Maybe I regret
Everything I said
No way to take it all back
Yeah
Now I'm on my own
How I let you go
I'll never understand
I'll never understand
Yeah, ohhh.

Tell me why
You're so hard to forget
Don't remind me
I'm not over it
Tell me why
I can't seem to face the truth
I'm just a little too not over you

Tell me why
You're so hard to forget
Don't remind me
I'm not over it
Tell me why
I can't seem to face the truth
And I really don't know what to do
I'm just a little too not over you

Not over you, ooh.
