When something's wrong and too much to handle
Try to find some peace of mind, let it go
Wait a minute, you know this road
It's gonna leave you on overload, yeah
'Cause somebody cares, yeah

I can see you hurting, turn around
I will be right there
Don't run away, don't run away, don't run away
When I'll reach out to you, look around
I will be right here
Don't run away, don't run away, don't run away
Tonight, tonight
Hmm

Don't make a sound, I'll be your voice
You don't need to be afraid anymore
I'll shine a light out in the dark
Guide you here no matter how far
Oh, yeah
'Cause somebody cares, oh yeah

I can see you hurting, turn around
I will be right there
Don't run away, don't run away, don't run away
When I'll reach out to you, look around
I will be right here
Don't run away, don't run away, don't run away

Open up, let it all out tonight, yeah
Open up and everything will be alright

I can see you hurting, turn around
I will be right there
Don't run away, don't run away, don't run away
When I'll reach out to you, look around
I will be right here
Don't run away, don't run away, don't run away

(Oh, away away away)
(Oh, away away away) Turn around

(Oh, away away away)
(Oh, away away away) Don't run away
(Oh, away away away)
(Oh, away away away) Don't run away
(Oh, away away away) I'll be right here, ohh
Tonight, tonight
