So much of life's a mystery to me  
Yet somehow so clear  
Questions with answers deep in the heart  
Like why are we here?

What can I do that will matter most?  
What can I say to make your day?

One thing I feel I can say to you  
Keep up your faith  
You'll find your way

Dream Sky High  
Ride the chances flying by  
Even angels dream sky high  
Of everything they long to try  
Dream it Sky High!

Time and again the doubts come along  
But why let them stay?  
Everyone's far from who they could be  
We're all on our way

Days we were strong we remember well  
Days we were scared we live and learn

Ask me the way and I will point above  
No matter what  
That's where I turn  
That's where I turn

Dream Sky High  
Ride the chances flying by  
Even angels Dream Sky High  
Of everything they long to try  
Dream It Sky High!

Keep up faith (yeah)

Don't you hide  
Don't you run (nooo!)

Everyday is your celebration (yeah)

Don't you ignore who you can be ( yeah)

Soar Your Imagination!

Dream Sky High  
Ride the chances flying by  
Even angels...

Dream Sky High  
Ride the chances flying by  
Even angels Dream Sky High  
Of everything they long to try  
Dream It Sky High!
