Sometimes I wondered
what I'd be when I grew up
And then I remembered
It was anything I dreamed of

I could be a poet or singer
I can be a scientist
But before I make that decision,
Let's talk about my list

Let's talk about love
Let's talk about peace
And livin' in perfect harmony

Let's talk about hugs
And talk about ways we can share

Let's talk about you
Let's talk about me
Let's talk about
How we can be one big family

Let's talk about love
Let's talk about love

Sometimes I feel like
I want to give my friends a call
To tell them what I'm dreamin'
And everything I want

I want us to be a little closer
And to always reach out a hand
To be kind to one another
And always understand

It's all about love
It's all about peace
And livin' in perfect harmony

It's all about hugs
It's all about ways
That we can share

It's all about you
It's all about me
It's all about
How we can be one big family

It's all about love

La la la la la la la la
La la la la la la la la
La la la la la la la...

Everybody has a heart
Everybody has a smile
Let's wrap a bow
Around each one
And give it away
(And give it away!)
Once a while....!
(Let's talk about love)
Let's talk about peace)
(And livin' in perfect harmony)

It's all about hugs
And all about ways
That we can share

It's all about you
It's all about me
It's all about
How we can be one big family

It's all about love
All about love

It's all about hugs
It's all about
Ways that we can share

It's all about you
It's all about me
Let's talk about
How we can be one big family

Let's talk about love
Talk about love
Let's talk about love!
Oooooohh!
It's all about love
