Sitting all alone in your room
Thinking that the world's let you down, mhm
All you ever wanted to do is trust
Someone to always be around
You've had a lot of lessons to learn from, mhm
Some of them hit you so hard
And I keep believing someday you'll see
You don't have to be alone

There's somebody out there, somebody somewhere
To show you the tenderness you need
Somebody to hold you
When worries control you
I'd give anything if only you knew it was me, oh, ooh

I've been watching you go through
All of these things for a while
There's gotta be a way to bring you back
Cause it's worth it when you smile
Oh, it doesn't have to hurt you forever
It doesn't have to last too long
And, if you wonder where to turn to
I hope that you know

There's somebody out there, somebody somewhere
To show you the tenderness you need
Somebody to hold you
When worries control you
I'd give anything if only you knew it was me

I wanna be there when you're in need
I would never belong if you were waiting
When you're gonna see
If you could only see

There's somebody out there, somebody somewhere
To show you the tenderness you need
Somebody to hold you
When worries control you
I'd give anything if only you knew it was me

I'd give anything, oh

Anything at all
I think it's time that you knew it was me
