Street lights turning on just like the sun
No shadows trying to knock me down tonight
My walk is like a run, to you
Windows like a broken crystal ball
Show me the missing pieces of my life
And now I want them all, with you

Breathing faster, I
Count the hours till the
Day after tomorrow
I can hardly wait
It's getting closer now, closer now

The day after tomorrow
It's getting closer now, closer now
Ohh my walk is like a run to you

This story can't be fictional
This chapter's only got two pages left
And I will write it all, with you

Breathing faster, I
Count the hours till the
Day after tomorrow
I can hardly wait
It's getting closer now, closer now

The day after tomorrow

It's getting closer now, closer now
Ohh my walk is like a run to you

I'm not awake
Suddenly, I know the way
And I can't feel it now
Cause I was lost
The past forgotten
I can't go back to yesterday-ayyy

The day after tomorrow
I can hardly wait
It's getting closer now, closer now

The day after tomorrow
It's getting closer now, closer now
Ohh my walk is like a run

The day after tomorrow
I can hardly wait
It's getting closer now, closer now

The day after tomorrow
It's getting closer now, closer now
Ohh my walk is like a run to you
