"Fly"

(feat. Jazze Pha)

[Chorus:]

I know somebody fly who wants to come by and take
off all her clothes and freak me for free.
And I know somebody fly who loves to come by take off
all her clothes and freak me for free.

[Verse 1:]

I know the truth girl you be sick of making love, you
rather get clubbed by a South Side thug.
No kiss no hug no going to the club, no talking on the
phone but turn that ass up.
No money in the bank but we can't blow the bank.
Come lay in my lap let me feel what your thinking ya
you do look good, the trick I ain't - let me shake that
ass - put me in the pain - put me in the pain - let me
weigh it in a pinch - let me long drop shot and watch it
all in the seat - jump back - jump back all out in the
morning - let you all wet drippin and pourin.

[Chorus:]

I know somebody fly who wants to come by and take
off all her clothes and freak me for free.
And I know somebody fly who loves to come by take off
all her clothes and freak me for free.

[Verse 2:]

I know you see me watching girl don't trip go grab your
coat on the rack and let's dip - your a grown ass woman
don't play no games - don't lie to yourself let's leave
these lames - leave these lames. Let's dip in the bed

control - get lost in the [?] but me I get [?] I got cash but
now I want sex - want sex - but you can leave with a [?]
or an autograph copy of my song like a pimp - or a gum
or a mint whatever you need. But your boy can't get no
cheese.

[Chorus:]

I know somebody fly who wants to come by and take

off all her clothes and freak me for free.
And I know somebody fly who loves to come by take off
all her clothes and freak me for free.
I - know somebody fly

[Short Verse 1:]

Let me come by just [?] Fix a plate of food and I ate it -
just did - fixing on the pepper mill she's got her own
grill.

[Hook:]

I know somebody fly who wants to come by and take
off all her clothes

[Short Verse 2:]

And lay down on the floor - she's a queen but she like it

and straight to the door - no talk we keep it on the low

[Hook:]

I know somebody fly who wants to come by and take
off all her clothes and freak me for free.
And I know somebody fly who loves to come by take off
all her clothes and freak me for free.
Fly - take off all her clothes and freak me for free.
