Beesh:

Cisco, how you livin'?

[Verse 1: Cisco]

Sippin' tequila, bytin' on lemon

Surrounded by beautiful women, dance on they lennon

Brock to work, so hot, the whole room is smoking

Bodies bang like the boom, no we ain't joking

Momi got me on the lock, she made me wanna holla
holla

So I hit the danceflo' and I pop my collar

I holla mira mira

It's goin' down tonight

Like 2 shots of tequila in your town tonight

I hit the bar like a star, next drink on me

I'm with my cousin Baby Bash and the playa Jay Tee

Call us the Clicka

Here come high with mas chica

The Party don't stop, till the last drop of tequila

The twisted lime in a wrist full of ice

So the price should pa, my crew not from nice

I know you herad about about my velvet jaw

My reputation for puttin' it down

Bar tender, another round

[Refrain 2X: Jay Tee]

Once again it's on

We takin' shots to the dome

So drunk that we can't get home

So we gon' spend the night sittin' on chrome

In the back of the room

[Verse 2: Baby Beesh]

And I hit in the worst way

Act like it's your birthday

21 years on this earth, hey!

Club hand

Salsa, Merengue and Cumbia

With a touch of HipHop and bouncin' and ohh-lala

My baby got me on 4 shots

It's 5 in a minute

And we will give that to the sweet, made em dive and
up in it
Oh way the second they have, nigger dance to my left
Wreck it on stage in a cage and oh, it's superb
Best believe me
Ball to wall it's off the breezy
To the Po's, buy a rose for my breezy
Mamacita, my mamichula
Nobody cooler
In the place, we look at your face, she straight lace
1800 and fully blunted
Blowin' on that bomba
Uh, dancin' to the conga
And the rumba
Can't it forget it 'bout the lime squeezer
Me and my dog gon' do it with a fine chica

[Refrain] 2x

[Verse 3: Jay Tee]

Lil chavalita
La mas bonita
Ey you want some cavacita
Or by the name a margarita
Ah, so she's superb
Fresh on state, colours spread
Get in my cadillac and take it to my partner's bed
She started going there
What you want to going there?
But I'm a co-iner
She don't even knowin' that
I like the brew
Drank way cash, too
The liquor stores is closed but I already knew
No time to waste
I bought by a case
They try to waste
Takin' shots to the face
By 2,10 my playa be hollin'
I hear noises, big brother Earl callin'
But I ain't ready yet
We ain't gon' scary yet
Nobody's ready yet
Naw, ain't got the feri' yet
For my knee, just a little more time
To do it real big playa with tequila and lime

[Refrain] 4x
