Treat your throwback chicks right
Ya know what I'm sayin' they are people too
Every chick that I used to like done turned dike
And every chick that I used to dig hair real is really a
wig
And every chick that I used to love, done turned to
drugs
But yet still I keep it real and I'm so in

I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)
I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)
I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)
I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)

I remember those days I was broke and a bitch barely
up
House smelling like some piss you was there for me
Rubbing my head saying it's gone be alright
The hardest nigga I was crying late at night it was
fucking with me

In a bucket we would mash out
When I did that bullshit and got caught you got my ass
out
You was that girl that would set that nigga up
I was the man that would wet that nigga up now fuck
with me

And you did when they came to the crib
You grabbed the tech and started bussin' at a bitch aw
shit, baby
You was my lady when the laughed at my clothes
In the front row when them hoes boo'd at my shows

And it's cool 'cause you helped me through school
95 selling weed in Baton Rouge
And you stayed strong with a pimp trick
Whipped it out and sucked a niggaz dirty dick, aw shit

Baby, I'm sorry let's start brand new
The world against us all along us two
All the shit I done took you through
I'm a grown man now

I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)
I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)
I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)
I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)

The second verse is for my momma you could truly
serve a bowl
You were strong when daddy was gone fuck a nice
home
When I was dying as a baby, momma boo you stay true
I heard you whisper to the Lord, let my child make it
through

And I did I walked up in this bitch first born kid
Tell 'em fuck it, Billy went and hit a lick
You were there when the times were hard
You're a blessing from the heavens not a breed by God

And if I die momma swallow the pain
I leave this earth with your blood up in my veins
Let it flow free, let it kill me
But it's on and the way we ridding caddies, screaming
out Lil' Jones

I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)
I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)
I'm so in love with you
(And I ain't going nowhere me and you with our guns in
the air, baby)

I'm in love with you
(And I'm a stay down till these bitches put a nigga in
the ground)
