[David Banner]

WOO! Oh.. She looks so beautiful, don't you agree?
Girl, you know what I think you should do right now?
You should just take off all of your clothes
Every article of clothing, except for the,
Leave the pumps on girl, I like that
Enough of the kissin and huggin..

[Chorus x2]

We should be touchin, on da bed on da couch now,
touchin, touchin, touchin..
From the front to the living room, we should be touchin

[David Banner]

Let the boys make love,
let me touch ya from da back, hair pullin, hot wax
They won't do it like dat,
they can't do it like this,
they won't tie you by your wrist
And spank ya lil sexy bad ass, run quick (hey),
Yea I know you hard at work
Yea I know your boss a jerk,
you can come to da platter, tie you up, witcha skirt
Let ya man make love,
let me bring ya to da crib, you a big city gurl
Let me show you where I live,
gotta pond in da front, gotta lake in da back
If you wanna pop da trunk,
we can do it in da lac,
got a di*k like a horse
Let me see you take that

[Chorus x2]

We should be touchin, on da bed on da couch now,
touchin, touchin, touchin..
From the front to the living room, we should be touchin

[David Banner]

Girl gon' lose ya mind,
let my love touch your spine,
run 4 or 5 times,

southside bump-n-grind
Young lady stand in line,
but I wanna touch you,
and all ya freaky dreams I wanna make come true,
like touchin on da back porch,
gon' let it out,
Or we can touch in time square I make you scream Dirty
South
damn I ain't tryna run game,
but I will make you scream my name (David Banner),
Yea my G5 just an airplane,
take it how you want it girl pleasure or pain (hey),
yea cuz ya dealin wit a mack now,
go and tell ya friends dat I blew ya back out

[Chorus x2]

We should be touchin, on da bed on da couch now,
touchin, touchin, touchin..
From the front to the living room, we should be touchin

[Jazze Pha]

When ya step into the crib,
get in your birthday suit,
girl leave on ya heels
And get it ready for daddy,
I guarantee your satisfaction,
I hope your ready for action
I'm in da mood (baby),
ohhh yeahh, ladies and gentlemen
stand and revizzle put ya back into it
When I work da middle,
(make it hurt a little)
when I hit it from the back girl

[Chorus x2]

We should be touchin, on da bed on da couch now,
touchin, touchin, touchin..
From the front to the living room, we should be touchin
