Park Lane Green, it's Saturday night
West End Central, flashing lights
We've come to dance the night away
UV, dry ice and DJ
Speaker pump that devil sound
Everybody's getting down
Moonwalk over to the gents
Exit Zombie money spent
Let me take you down 'cause I'm going to...
Speaker pump that devil sound
Everybody's getting down
Moonwalk over to the gents
Exit Zombie money spent
Turnstile toilets, I joined the queue
Drinks at the bar, drugs in the loo
I entered Jekyll and came out Hyde
Mister Chevignon's inside
Bouncers Bimbos Lager louts
Zombie dancefloor bugging out
Ball outside, the night is still
Smiley moves in for the kill

I Wish U Heaven, I Wish U Heaven

Bouncers Bimbos Lager louts

Zombie dancefloor bugging out

Ball outside, the night is still

Smiley moves in for the kill

Cops and dogs in transit vans

At 4 o'clock we raid clubland

T for Tango through the door

First us two and then you four

West End Central, flashing lights

Park Lane Green, it's Saturday night

We've come to dance the night away

UV, dry ice and DJ

Speaker pump that devil sound

Everybody's getting down

Moonwalk over to the gents

Exit Zombie money spent

Let me take you down 'cause I'm going to...
