What's a thousand shade of grey  
A beauty only seen by day  
Skateboards thunder by and pigeons fly  
Where I feel ok  
London Bridge is falling down  
They're taking bids from all around  
Give me dollars I don't want pounds  
London Bridge is falling down  
But I still love this town  
From the Tower to the Underground  
Now Rome is Rome but it ain't home  
And neither is Paris  
Wherever I've been and all that I've seen  
This is home to me  
London Bridge is falling down  
They're taking bids from all around  
Give me dollars I don't want pounds  
London Bridge is falling down  
But I still love this town  
From the Tower to the Underground  
I like it when sometimes you see

How things used to be  
Music Hall, bless 'em all  
Those ealing comedies  
London Bridge is falling down  
They're taking bids from all around  
Give me dollars I don't want pounds  
London Bridge is falling down  
But I still love this town  
From the Tower to the Underground  
London Bridge is falling down  
They're taking bids from all around  
Give me dollars I don't want pounds  
London Bridge is falling down  
But I still love this town  
From the Tower to the Underground  
From the Tower to the Underground  
From the Tower to the Underground  
From the Tower to the Underground  
From the Tower to the Underground
