The right hemisphere controls and governs creativity

The right hemisphere controls and governs creativity

Watch this for me, it's in the morning hanging around
We got to get down; rock it up from this shaky ground
Come on and smell out your hardy party, move
everywhere
Let's see you people laughing, people punching out in
the air
Looking for a song?
About 3.30 long
A song that I can sing
It don't need no complicated theme
The melody will verberate
About these secret pains
Something has got a ring
It don't need no complicated theme, complicated
theme

It ain't as easy as it looks
Coming up with all those hooks
Remember that it has to swing
It don't need no complicated theme
And do you feel that what you play
Well if you do then that's OK
Maybe add a little swing
It don't need no complicated theme, complicated
theme

General quarters, general quarters, all hand man your
battle stations
We're going over this bridge
A bust, like we always do
Somewhere at about the middle of the last after chorus
two

Here we got the drums bass and guitars and a DJ too
And we're coming to a town near you
Looking for a song?
Here comes a bebop a? The sound is all coming to ya
I'm gonna get ya

Iâ€™m gonna teach ya
Iâ€™m gonna get this beat to get ya
Get down to big time and loose your lack of
Come on and and jump and
Fuck that give all your best
Looking for a song?
