Bury me beneath the water  
Coz I can't breath anymore  
I've been waiting

One minute and it was over  
I felt my knees hit the floor  
I fall, I must get up  
I must be stronger

Can you stop the bleeding  
Bury me beneath the water  
Coz I can't breathe anymore  
I've been waiting

Exhale for the last time  
Look upon the last phase  
You will see  
I hope you will remember me

Can you stop the bleeding  
Bury me beneath the water  
Coz I can't breathe anymore  
I've been waiting

Wheres the rick of staying alive  
Would it help if we tried  
How can I kepp you breathing  
How can I help you

Bury me beneath the water  
Coz I can't breathe anymore  
I've been waiting
