when you come down  
when you come down  
when you come down

jefferson i heard your tears fall down  
over the fall of the rain  
why is it you and i, were never that much the same  
rain on the road across the deleware  
nearly washed us away  
how come philosophy folds in the light of the day  
how come the leprosy ate everything away

a piece of the west broke away  
a piece of the west broke away, yea  
we are one like the riverstones  
away, away yea  
we are bones on the riverstones  
washed up like the riverstones

in bethlehem a baby boy was born,  
born to build a bond  
what was the fighting for,  
who remembers the song  
the boy was king he was a prodigy  
in love with everything  
why did the kingdom come spit on everyone  
and why the confusion,  
son the closer we cling to the gun  
fall of the west begun

yea a piece of the west broke away  
away, yea  
we are one like the riverstones  
away, away yea  
we are bones on the riverstones  
washed up like the riverstones

in pennsylvania theres a bridge that broke  
the water washed it on by  
why is it you and i buckled under the tide  
jefferson we should of listened  
should have answered the call

what did you want from me,  
now the west will fall  
and who did you hope to be,  
now the west will fall  
yea now the west will fall  
yea now the west will fall

away, away yea  
we are one like the riverstones  
away, away yea.  
we are bones on the riverstones  
washed up like the riverstones  
ride? on the riverstones  
we are one like the riverstones
