5:15

I'm changing trains
This little town
Let me down
This foreign rain
Brings me down

5:15

Train overdue
Angels have gone
No ticket
I'm jumping tracks
I'm changing towns
We never talk anymore
Forever I will adore you

5:15

All of my life
Angels have gone

I'm changing trains
Angels like them
Thin on the ground
All of my life
All legs and wings
Strange sandy eyes

5:15

Train overdue
Angels have gone
We never talk anymore
Forever I will adore you
Cold station
All of my life
Forever I'm out here forever
