Once we were lovers,
can they understand?
Closer than others, I was your,
I was your man
Don't talk of heart-aches,
oww, I remember them all
When I'm checking you out one day
to see if I'm
faking it all
{chorus}
Can you hear me?
Can you feel me inside?
Show your love, love
Take it in right [take it in right]
Take it in right [take it in right]
There's been many others,
[Oow-ooow-ooow] so many times
Six steel Jew cities, an' what do I, what do I, {?}
what do I find?
I want love so badly
I want you most of all
You know, it's harder to ta-take it from anyone
It's harder to fall
Can you hear me call ya?
{chorus}
Well,
can you hear me? [yeah]
Can you feel me inside [I do]
Show your love,
show your sweet, sweet love
Show me your love
Take it in right [take it in right]
Take it in right [take it in right]

Take it in right to your love life, baby
Take it in right
To your love life
Take it in right
Take it in right, right to your love life
Take it in right, ah
Take it in, take it in right
Right down, right down

[Why don't ya take it?] Mmmmm
Why don't you take it?
[Right to your heart]
Can you hear me?
[Why don't ya take it?]
Can you feel me? ah
[Why don't ya take it?] Can ya? Can ya? In a-right
[Why don't ya take it?] Wuhhh
Right down, right down
[Right to your heart]
Can you take it? Feel me?
[Why don't ya take it?]
Down, to right down
[Why don't ya take it?]
into your heart
[Why don't ya take it?]
Oww, to your heart
[Right to your heart]
Take it down, take it down
[Why don't ya take it?]
[Why don't ya take it?]
Take it in right
[Right to your heart]
Oww-oww
