

David Bowie "I Pray Ole"

Visit "[I Pray Ole](#)" on MotoLyrics.com

Let's say goodbye till tomorrow with a word sincere
How do you make it through the night?
I hope to god you're still here
I pray ole

Can you make, can you make it through?
Can you make, can you make it through, can you make
it through?
Can you make, can you make it through?
Can you make, can you make it through?

Can you make, can you make it through?
Can you make, can you make it through, can you make
it through?
Can you make, can you make it through?
I pray ole

It's a God eat, God world, It's a dog's tomorrow
And the song on the wind brings nothing back sorrow
I pray ole, I pray ole, I pray ole

Can you make, can you make it through?
Can you make, can you make it through, can you make
it through?
Can you make, can you make it through?
Can you make, can you make it through, can you make
it?

Can you make, can you make it through?
Can you make, can you make it through, can you make
it through?
Can you make, can you make it through?
Can you make, can you make it through, can you make
it?
