Come on strong girl, lay the heavy trick on me  
The church of man, love, is such a holy place to be  
Make me baby, make me know you really care  
Make me jump into the air

Keep your 'lectric eye on me babe  
Put your ray gun to my head  
Press your space face close to mine, love  
Freak out in a moonage daydream, oh yeah!

Alright ah  
Come on you?  
Far out

Keep your mouth shut but listen to the world inside  
Keep your head on but open up your eyes real wide  
Keep the change strong, let the things you torn aside  
You messing any road to high

Keep your 'lectric eye on me babe  
Put your ray gun to my head  
Press your space face close to mine, love  
Freak out in a moonage daydream, oh yeah!

Keep your 'lectric eye on me babe  
Put your ray gun to my head  
Press your space face close to mine, love  
Freak out in a moonage daydream, oh yeah!

Take it out, take it out  
Oh, oh  
Ready
