You always were the one, that you
They sold us for the likes of you
I always wanted new surroundings
A room to rent while the lizards lay crying in the heat
Trying to remember who to meet
I would take a foxey kind of stand
While tens of thousands found me and give in

When you rock and roll with me,
no one else I'd rather be
Nobody here can do it for me
I'm in tears again,
when you rock 'n' roll with me

Gentle hearts are counted down
The cue is out of sight and out of sounds
Me, I'm out of breath, but not quite down ten
I've found the door which lets me out!

When you rock and roll with me,
no one else I'd rather be
Nobody down here can do it for me
I'm in tears again,
when you rock 'n' roll with me

Oooo-oo-oo-oo
Oh, when you rock and roll with me,
there's no one else I'd rather be, oh
Nobody down here can do it for me
When you rock and roll with me

When you rock 'n' roll, rock 'n' roll with me, yeah
No one else I'd rather, I'd rather be
Nobody down here can do it for me
Well, I'm in tears, I'm in tears
When you rock and roll with me
