vrs1:

Ground control to major Tom
Ground control to major Tom
Take your protein pills
And put your helmet on
Ground control to major tom
Commencing countdown,Engines on
Check ignition and let gods love be with you
This is ground control to major Tom
You've really made the grade
And the paper all want to know whos shirt you wear
Now it's time to leave the capsul if you dare

vrs2:

This is major Tom to ground control
I'm stepping through the door
And I'm floating in the most particular way
The stars look very different today
For here I am, floating in a tin can
Far about the world
Planet Earth is blue and there is nothing I can do

Vrs3:

Though I've passed one hundred thousand miles
I'm feeling very still
And I think my spaceship knows wich way to go
Tell my wife I love her very much
She knows
Ground control to major tom
Your surcuts dead, theres something wrong
Can you hear me major Tom
Can you hear me major Tom
Can you hear me major Tom
Can you hear, As I'm floating in my tin can
far about the moon
Planet Earth is blue and there is nothing I can do
