(David Bowie)

No one can blame you  
For walking away  
Too much rejection  
No love injection  
Life can be easy  
It's not always swell  
Don't tell me truth hurts, little girl  
'Cause it hurts like hell (echo)  
But down in the underground  
(oh oh oh oh oh)  
You'll find someone true  
(down underground)  
Down in the underground  
(oh oh oh oh oh)  
A land serene (oh oh oh oh)  
A crystal moon, ah, ah

It's only forever  
Not long at all  
Lost and lonely  
That's underground  
Underground

Daddy, daddy, get me out of here  
(heard about a place today)  
I, I'm underground  
(nothing never hurts again)  
Heard about a place today  
(daddy, get me out of here)  
Where nothing never hurts again  
(wanna go underground)  
Daddy, daddy, get me out of here  
(wanna go underground)  
I, I'm underground  
(get me underground)  
Sister, sister, please take me down  
(daddy, get me out of here)  
I, I'm underground  
(wanna go underground)  
Daddy, daddy, get me out of here

No one can blame you  
For walking away  
Too much rejection  
No love injection  
But down in the underground  
(oh oh oh oh oh)  
You'll find someone true (down underground)  
Down in the underground (oh oh oh oh oh)  
A land serene (oh oh oh oh)  
A crystal moon, ah, ah

It's only (echo)  
It's only forever  
It's not long at all  
Lost and lonely  
That's underground
