White light  
White light gonna go straight to my eyes  
White light  
White light gonna fill me up with surprise

White heat  
White heat tickle me, way down to my toes  
White light  
White light gonna kill me, goodness knows

White light  
White light gonna go straight to my brain  
White light  
White light gonna drive me so insane

White heat  
White heat tickle me, way down to my toes  
White light  
White light gonna kill me, goodness knows

Oh, oh, white light  
Oh, oh, white light  
Oh, oh, white

What's that sound?  
What's that sound?  
Don't turn on  
Be dead or alive  
Oh, oh, white light

White light  
White light gonna go straight to my eyes  
White light  
White light gonna fill me up with surprise

White heat  
White heat tickle me way down to my toes  
White light  
White light gonna kill me, goodness knows

White light  
White light make me sound like Lou Reed

White light  
White light gonna fill my every need

White heat  
White heat gonna fill me up with surprise  
White light  
White light gonna kill me before your eyes

Oh, oh, white light  
Oh, oh, white light  
Oh, oh, white heat  
Oh, oh, white heat

Oh, oh, white light  
Oh, oh, white light  
Oh, oh, white heat

What's that sound?  
What's that sound?  
Don't turn on  
Be dead or alive  
Oh, oh, white light
