Gone away

Someone else son's gone

What a day

For dreaming

Hard hurt heart

The holds the door

Buried in time

In hallways bleeding

And all the time they walk in line

And all the time in asking land

Who's that girl

Who like to dance all day?

Beauty is always so strange

Carnival girl

Where do those eyes come from?

What is inside there?

So far away

Any day

When soldiers come

Woman pray

I lie here

There's a flame  
Whose light still shines  
Leading us on  
Through fields and bridges  
And all the time they walk the line  
And all the time in asking land  
I've seen grasses grow  
Through rock and stone  
Nature is always so strange  
Carnival girl  
Where do those eyes come from?  
What is inside there?  
So far away  
And all the time they walk the line  
And all the time in asking land  
One man throwing questions  
To the stars  
Is there anyone there?  
Carnival girl  
Where do those eyes come from?  
What is inside there?  
So far away  
Carnival girl  
Where do our lives come from?  
She'll keep on dancing

The night away
