D. Bynre/A. Lindsay)

I can see an office cowboy

Now how he turns and smiles, watching the girls go by

(Ride'em cowboy)

He knows how to ride a pony

If laughter makes you well, what if the well runs dry?

(Ride'em cowboy)

Batom-- a bala no meu cor?ao

Dentes espalhados pelo chao

Natural

E a vezes social

All night long, the Great Pretender

Sat upon his throne

Nothing can stop now

(Vai la cou boi)

Vao suadas, ammarrotadas

Nota de dez, nota de vine vai

(Noite cai)

Duas selas, dois de raca

Dois irmaos e dois urubus

(sobra um)

Nao e

It's just enough to whet my appetite

A hungry cowboy need to take a bite

Copo d'agua

Que caiu no chao

It's all right

It's all right

It's all right

'Tou roubando mas nao sou ladrao

E demais

E demais

E demais

Ev'ryone's a cowboy in this town
