I can't find my way around this table
And I can't find my way around your face
And I can't find my way around your body
And wasted days turn into wasted nights

Hey lookit me now
Hey lookit me now
Hey lookit me now
Now now now now now
Lookit me now

Hey lookit me now
Hey lookit me now
Hey lookit me now
Now now now now now
Lookit me now

The future isn't quite what you imagined
Everything you valued has been sold
And every heart that takes a chance is broken
Now I don't see you laughin' at us no more

Hey look at you now
Hey look at you now
Hey look at you now
Now now now now now
Look at you now

Hey look at you now
Hey look at you now
Hey look at you now
Now now now now
Look at you now

Green grass grows around the backyard shit house
And that is where the sweetest flowers bloom
Now we are flowers growin' in God's garden
And that is why he spreads the shit around

Hey, hey look at us now
Hey, look at us now
Hey, look at us now

Now now now now now
Look at us now

Hey, look at us now
Hey, look at us now
Hey, look at us now
No no no no no
No no no no now
Look at us now

Hey, lookit me now
Hey, lookit me now
Hey, lookit me now
Now now now now now
Hey, lookit me now

Hey, lookit me now
Hey, lookit me now
Hey, lookit me now
No no no no no
No no no no now
Hey, hey, hey
