Light floats down day river on uh red raft o' blood  
Night blocks out d' heaven like uh big black shiny bug  
Its hard soft shell shinin' white in one spot well  
It's hard place dat I'm livin' but I'm doin' well well  
The white ice horse melted like uh spot uh silver well  
Its mane went last then disappeared the tail  
My life ran thru my veins  
Whistlin' hollow well  
I froze in solid motion well well  
I heard the ocean swarmin' body well well  
I heard the beetle clickin' well  
I sensed the thickest silence scream  
Then I begin t' dream  
My mind cracked like custard  
Ran red until it sealed  
Turn t' wooden 'n rolled like uh wheel well well  
Thick black felt birds uh flyin'  
With capes of solid chrome  
With feathers of solid chrome  
'n beaks of solid bone  
'n bleach the air around them  
White 'n cold well well  
Till it showed in pain  
The hollow cane clicked like ever after  
Its shadow vanished shinin' silence  
Well well
