She had psychic defenses
He had animal dreams
They moved closer together
He said "Let's make a deal"

Does not the law forbid it?
It's a treacherous act
We all must suffer
We all must do our part

No one knows how started
And God knows how it'll end
The fighting continues
Women versus Men

Women have their world
And men, we have ours
We're into sports
And they're into flowers

The women are talking
We do not understand
They speak in a language
We do not comprehend

No one knows how it started
And God knows how it'll end
The fighting continues
Women versus Men

Fighting in the parking lots
Is this how it will end?
Armies of ladies
Fighting armies of men

So remember be careful
Should one cross your path
One innocent movement
And it could be your last

No one knows how started

And God knows how it'll end
The fightin' continues
Women versus Men
