I'm sleeping and right in the middle of a good dream
Like all at once I wake up from something that keeps
knocking at my brain
Before I go insane I hold my pillow to my head
And spring up in my bed screaming out the words I
dread
I think I love you (I think I love you)

This morning I woke up with this feeling
I didn't know how to deal with
And so I just decided to myself I'd hide it to myself
And never talk about it and didn't I go and shout it
When you walked into the room
I think I love you (I think I love you)

I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of
A love there is no cure for
I think I love you, isn't that what life is made of?
Though it worries me to say that I never felt this way

I don't know what I'm up against
I don't know what it's all about
I've got so much to think about
Hey

I think I love you so what am I so afraid of?
I'm afraid that I'm not sure of
A love there is no cure for
I think I love you, isn't that what life is made of?
Though it worries me to say that I never felt this way

Believe me, you really don't have to worry
I only wanna make you happy and if you say hey go
away I will
But I think better still I'd better stay around and love
you
Do you think I have a case?
Let me ask you to your face
Do you think you love me?
I think I love you, I think I love you, I think I love you
I think I love you, I think I love you

Believe me, you really don't have to worry
I only wanna make you happy and if you say hey go
away I will
But I think better still I'd better stay around and love
you
Do you think I have a case?
Let me ask you to your face
Do you think you love me?
I think I love you, I think I love you, I think I love you
I think I love you, I think I love you
