Oh yeah

So he doesn't know your story
Baby, I can read your mind
Hear the words you say
I can read the signs

Come here

Gonna make myself clear
Let me redefine
If he wants you back
Let him wait in line

'Cause I wanna touch you there
Where he won't dare
Take you places he wouldn't go
Only I know, only I know where

Wanna touch you there
Maybe he won't care
Show you places you never go
Only I know, I could take you there

So tell your little boys stories
Let him play with his mind
I will not hold back
Until he sees your mine

There's nothing he could teach you
He's got a lot to learn
Let me light your fire
While he's getting burned, come on

'Cause I wanna touch you there
Where he won't dare
Take you places he wouldn't go
Only I know, only I know where

Wanna touch you there
Maybe he won't care
Show you places you never go

Only I know, I could take you there
Only I know where

Tell you what I'm gonna do
Wanna touch you there
Tell you what I'm gonna say
Only I know where

Tell you what I'm gonna do
Tell you what I'm gonna make you say
Tell you what I'm gonna do
Never gonna stop till you scream my name

Wanna take you there
Mmm would you dare

I wanna touch you there
Baby, I will show you
Places you never go
I could take you there

'Cause I wanna touch you there
Where he won't dare
Take you places you never go
Only I know, only I know where

'Cause I wanna touch you there
Maybe he won't care
Show you places you never go
Only I know, I could take you there

I wanna touch you there
I - where he won't dare
I wanna take you there
I could take you there

I wanna touch you there
I - maybe he won't care
I wanna take you there
I could take you there

I wanna touch you there
I - where he won't dare
I wanna take you there
