You fought your way up to the wall
But you haven't gone past it all
While gazing with tear filled eyes
You just can't help but ask why?

Trying hard is what it takes
Then why does it feel like a mistake
The world has taken its side
You just wanna run away and hide

It's tough
There's no one to turn to
I hear, screaming inside you
Feels like, hell's all you've been through
Hell's all you've been through

Hold on
Don't stop your breathing
I see your dreams
And, I feel them too

Hold on
Don't lose your faith
I know you can't break
I'm hoping and praying for you

For you
For you

All your peace seems far away
But you know there comes a day
When everything's so bright
All the darkness you feel subsides

And in the rising of the sun
You can finally say it's done
The world will take your side
And your heart will start to shine

I will be
Holding onto you

There is
Nothing you can't do
I will try to be strong
Try to be strong

So hold on
Don't stop your breathing
I see your dreams
And, I feel them too

Hold on
Don't lose your faith
I know you can't break
I'm hoping and praying for you

I'll never let go of you
I'll never let go of you
I'll never let go of you
Of you

Hold on
Don't stop your breathing
I see your dreams
And, I feel them too

Hold on
Don't lose your faith
I know you can't break
I'm hoping and waiting for you
