Love songs on the radio

Don't mean much to me anymore

Won't see a smiling face

Walked out the door a long long time ago

You carried my heart away

And you left me here alone

Only you, only you

Only you can make me blue

Only you, oh it's true

That there's nothing I can do

White stars they all shine so bright

While the lone moon is gray

Come join this heart of mine

If you care to stay

She carried my heart away

There's nothing left of this fool

Only you, only you

Only you can make me blue

Only you, oh it's true

That there's nothing I can do

Nothing I can do

Nothing I can do, but to sit and think of you

Chorus
