Oh, Oh
What do you know...about now?

Cars crash and bee's attack
A knife into the spleen
Accidental overdose
We get all kinds of disease

Walking, talking about life fall down hit your head
Stupid mistakes, end up full time in bed

It's a weird world that we live in
No use in tryin' to hide

Oh, Oh
What do you know,
What do you know about now?
Oh, Oh
What do you know
What do you know about now?

Friend went surfing
Waves were 15 feet
Sucked in a rip-current
Desperately trying to breathe
Prayed for mercy
He was tumble-dried at sea
Took his final breath of air
He told me this story last week

It's a weird world that we live in
No use in tryin' to hide

Oh, Oh
What do you know,
What do you know about now?
Oh, Oh
What do you know
What do you know about now?

What do you know about now

Is it over yet? Are you gonna take a bow?
It ain't over, til' it's over,
And it's over, when I'm gone

Oh, Oh
What do you know,
What do you know about now?
Oh, Oh
What do you know
What do you know about now?
