You don't have to listen
To anything I say
There's nothing I can do
You take my breath away
And all that I believe in
I'm slowly drowning here with you
I tell you that I'm here
And I tell you what I feel
But I feel you're so far
And I don't know where you are
You tell me what you gained
You tell that you're trying
I wanna believe you are x 2
And I won't say you're gone

You can win this fight
You don't have to listen
To anything I say
There's nothing I can do
You take my breath away
And all that I believe in
I'm slowly drowning here with you

Everything I hide
Is held inside your chest
With every single heartbeat
My picture face the grave
I belong to you
I made you that promise
It's all because of you
I won't say the things I do
And I won't say you're gone

You can win this fight
You don't have to listen
To anything I say
There's nothing I can do
You take my breath away
And all that I believe in
I'm slowly drowning here with you

You can win this fight

Take it so it's done
Get all up inside my pride
I can only do so much
Woah woah woah
You can win this fight
You don't have to listen
To anything I say
There's nothing I can do
You take my breath away
And all that I believe in
I'm slowly drowning here with you
Oh
