I feel alive beside you  
And all at once  
I am whole again  
We fall into each other  
Your atmosphere  
Is all I'm breathing in  
And in this rush  
We are crushed

Carry me down  
Rolling in your arms  
Cause I can't remember  
Ever falling this hard  
Tell me tonight,  
All that we have been  
Was it nothin' more  
Than noise inside my head  
Crashing down, crashing down,  
In your avalanche  
In your avalanche

These scars we wear remind us  
The more we change  
The more we're all the same  
Swept up in this emotion  
We fumble through and make the same mistakes  
Cause we are led  
To the edge

Carry me down  
Rolling in your arms  
Cause I can't remember  
Ever falling this hard  
Tell me tonight  
All that we have been  
Was it nothin' more  
Than noise inside my head  
Crashing down, crashing down,  
In your avalanche

Crashing down, crashing down,

Carry me down  
Rolling in your arms  
Cause I can't remember  
Ever falling this hard  
Tell me tonight  
All that we have been  
Was it nothin' more  
Than noise inside my head

Carry me down  
Rolling in your arms  
Cause I can't remember  
Ever falling this hard  
Tell me tonight  
All that we have been  
Was it nothin more  
Than noise inside our heads  
Crashing down, crashing down...

Was it nothing more  
Than noise inside our heads  
Crashing down  
Crashing down

I feel alive beside you  
And all at once I am whole again...
