Stay  
Tell me the story again  
How it all fell apart in the end  
Just when you thought you were too far gone  
You're too far gone

Wait  
Maybe the reasons dont fit  
When did you lose innocence  
And when did you find that you cant hold on  
You cant hold on

When the whole world brings you down

When stars fall  
And ground breaks  
You're sinking  
Coz it's too late  
Don't tell me that it's over  
Eventhough you're finding it hard to believe

Faith  
It's easier said than done  
When it's so hard to trust anyone  
But maybe it's just a place inside  
That you can hide

Wait  
I can see us slipping away  
Just stay with me

When the whole world brings you down

When stars fall  
And ground breaks

You're sinking  
Coz it's too late  
Don't tell me that it's over  
Eventhough you're finding it hard to believe  
Eventhough you're finding it hard to believe

When the whole world brings you down  
When the whole world brings you down  
When the whole world brings you down  
When the whole world brings you down

When stars fall  
And ground breaks  
You're sinking  
Coz it's too late  
I'm right here  
I'm right here  
Just stay with me

When stars fall  
And ground breaks  
You're sinking  
Coz it's too late  
Don't tell me that it's over  
Eventhough you're finding it hard to believe

When stars fall  
And ground breaks  
You're sinking (Just stay with me)  
Coz it's too late  
Don't tell me that it's over  
Eventhough you're finding it hard to believe

(when the dark hits the night, i will be there  
when you're lost i will guide you home)
