Take a walk, you can hardly breathe the air  
Look around, it's a hard life everywhere  
People talk, but they never really care  
On the street, there's a feeling of despair

But every day, there's a brand new baby born  
And every day, there's the sun to keep you warm  
And it's alright  
Yeah, it's alright

I'm alive  
And I don't care much for words of doom  
If it's love you need well I got the room  
It's a simple thing that came to me when I found you  
I'm alive  
I'm alive

Every night, on the streets of Hollywood  
Pretty girls want to give you something good  
Love for sale, it's a lonely town at night  
Therapy for a heart misunderstood

But look around, there's a flower on every street  
And look around, and it's growing at your feet  
And everyday,  
You can hear me say,

I'm alive  
I wanna take all that life has got to give  
All I need is someone to share it with  
I got love and love is all I really need to live  
I'm alive  
I'm alive

And every day, there's a brand new baby born  
In every way, there's enough to keep you warm  
And it's okay,  
And I'm glad to say,

I'm alive  
And I don't care much for words of doom  
If it's love you got, well I got the room

It's a simple thing that came to me when I found you

I'm alive

I wanna take all that life has got to give  
All I need is someone to share it with  
I got love and love is all I really need to live  
I'm alive

I'm alive

And I don't care much for words of doom  
If it's love you need, well I got the room  
It's a simple thing that came to me  
And I thank God I'm alive  
I can take all that life has got to give  
If I got someone to share it with  
I got love and love is all you really need  
I'm alive
