Here in this crowd I'm feeling all alone
Turn me around and point me back to home
I'm getting lost more everyday
And I can't tear myself away
From the stars in my eyes with no light

Here are my thoughts, have some faith in me
And I'll let you be who you need to be

Life on the moon, could it be that stranger?
life on the moon, would it feel this far away?
The life that I knew is trough
And I'm gonna need you more than ever
I'm alone in this crowded room
Is the life on the moon

Flown off the ground my head's up in the air
So counsiouns to the fault with all the pople everywhere
Is getting harder everynight, to take the punches left
and right
Just to know that you are here by my side

Here are my thoughts, have some faith in me
and I'll let you be who you need to be

Life on the moon, could it be that stranger?
life on the moon, would it feel this far away?
The life that I knew is trough
And I'm gonna need you more than ever
I'm alone in this crowded room
Is the life on the moon

Getting lost in my own atmosphere
Stars in the sky all the stars in my eyes
Is the cost of getting out of here alive

Life on the moon, could it be that stranger?
life on the moon, would it feel this far away?
The life that I knew is trough
And I'm gonna need you more than ever
I'm alone in this crowded room
Is the life on the moon
