Night time silent,
Heightens deep sensation,
Darkness stills and
Wakes imagination
Silently the senses
Abandon their defenses

Softly, gently,
Night unfolds it's splendor,
Grasp it, sense it,
Tremulous and tender
Turn your face away from
The garish light of day,
Turn your thoughts away
From cold and feeling light
And listen to
The music of the night

Let your mind start a journey through a strange new
world
Leave all thoughts of the world you knew before
Let your soul take you where you want to be
Only then can you belong to me.

Floating, falling sweet intoxication,
Touch me trust me
Savor each sensation,
Let your dream begin,
Let your darkest time give in,
To the power of the music that I write,
The power of the music of the night
... Of the night
You alone can make my soul take flight,
Help me make the music of the night
