Well-
I call it like I see it,
You can never be it!

Your eyes are always crossed,
You can't see beyond your nose!

(Chorus)
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You see I don't want to fight Jack
But you are never right!

You know your wrong!
-Echo-
You know your wrong!
-Echo-

Now-
The girl that you just met,
Got you tied up like a bet!

Got you coming got you going,
But you never ever know!

(Chorus)
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You see I don't want to fight Jack
But you are never right!

You know your wrong!
-Echo-
You know your wrong!
-Echo-

*Even though I know you love this song
You sit and sing it all day long!

It doesn't change the simple fact
That brother you don't know Jack!

I can't help the day,
I can always here you say,
That everything happens
Because of your way!

(Chorus)
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You see I don't want to fight Jack
But you are never right!

You know your wrong!
-Echo-
You know your wrong!
-Echo-

(Once through reg, 2nd first lead, 3rd second lead, 4th
FULL sound)

*Even though I know you love this song
You sit and sing it all day long!

It doesn't change the simple fact
That brother you still don't know Jack!

I can't help the day,
I can always here you say,
That everything happens
Because of your way!

(Chorus)
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You see I don't want to fight Jack
But you are never right!

You know your wrong!
-Echo-
You know your wrong!
-Echo-

You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-
You know your wrong!
-Echo-

You see I don't want to fight Jack
But you are never right!

You know your wrong!
-Echo-
You know your wrong!
-Echo-
