Everybody needs a best friend in this world
We all need one good thing in this cruel cruel world
That we can count on all of our lives
You sounded so alone last night and I could not help
but cry
I wanted to reach out to you and just make everything
all right
I wish that I could show you just how much I truly care
All my life I promise to be there

I would be your best friend in the world
I would be the one true thing in this untrue world
And I will hold you all through the night
I will be the best friend to you girl
You can tell me all those things that you can't tell the
world
And I will listen all through the night

I would've given anything just to wipe all your tears
away
I would've walked for miles and miles all you had to
do was say
If you needed me by morning light, know that I'm on
my way
Cause all my life I promise to be there

Cause I would be your best friend in the world
I would be the one good thing in this cruel cruel world
That you can count on all of your life
I will be the best friend to you girl
You can show me all those things that you hide from
the world
And I will be here for the rest of your life

When life's hard to understand
I'm gonna reach out my hand to you
Hold on and you'll see how much I care

Cause everybody needs a best friend in this world
We all need one good thing in this cruel cruel world
That we can count on all of our lives

Cause I wanna be the best friend in the world
I wanna be the one true thing in this untrue world
Yes I will hold you all through the night
I wanna be the best friend to you girl
Can I be the one good thing in this cruel cruel world

Yes I will be here for the rest of your life
