"The Nearness"

[Verse 1]

Brilliant bright, our salvation
Took the fall to hold us up
All the weight of our condition
Lifted away from us

Blessed love, falling under
Sacredness taking hold
Split the air, the sound of thunder
Heaven begins to unfold

[Pre-Chorus]

And the nearness of there
Feels more near to here

[Chorus 1]

We can feel the breath of the angels
See the walls bend and shake
The skies in a tremble
Let the day wait

To sing the songs of the heavens
See the dawn starts to break
The bonds start to loose so
Feel the earth shake

[Verse 2]

Darkest night brought redemption
Inner sense, divine embrace
In the light of all creation
Heaven and earth start to twist

[Pre-Chorus]

And the nearness of there
Feels more near to here

[Chorus 2]

We can feel the breath of the angels
See the walls bend and shake
The skies in a tremble

Feel the ground break

We hear the songs of the heavens

See the world come awake

The bonds start to loose so

Feel the earth shake

[Bridge]

Blood of a Savior

Pushed back the fall

Love of a Healer

Have overcome
