I only know what a heartache pays  
In broken nights and wasted days  
I really don't know what our love is doing to you  
I know you think that I don't care  
But I see your face everywhere  
Ooh, another funny honeymoon

Ah, sit alone in my room at night  
Nothin' else to do  
Lost my mind and my appetite  
I'm as damaged as you  
Sweet success don't do me no good  
It's such a long way to go  
Dirty habits destroyed my blood  
And it's beginning to show

I only know what a heartache pays  
In broken nights and wasted days  
I really don't know what our love is doing to you  
I know you think that I don't care  
But I see your face everywhere  
Ooh, another funny honeymoon

Ah, well it's gone and we let it go  
There's no new yesterday  
I know we didn't have very much to show  
But it's gone anyway

I only know what a heartache pays ....

I know you think that I don't care  
But I see your face everywhere  
Ooh, another funny honeymoon
